

SMARTER BALANCED PRACTICE & TRAINING TEST ITEM TYPES

Item and response types

As students engage with the Maine Educational assessments, they will be asked test questions that require them to respond in several ways, some of which may be new to students.

Smarter Balanced has produced several resources that teachers and students can use to get ready for the test, including a Practice Test and a Training Test. It is ***highly recommended*** that **ALL** students access the Training Test site before taking the test. Doing so will provide students an opportunity to view and practice each of the item types.

The Practice Tests and Training Tests are available through the Maine Assessment portal at <http://me.portal.airast.org>.

Summary of item types and how to provide responses

Not all assessments will necessarily include all item types.

Technical skills to access embedded resources

To access some of the embedded resources (such as strikethrough, highlighter, American Sign Language videos, and text-to-speech) that are available to help work through these item types, students may need to access the **context menu** by clicking on the context menu bars in the top right corner of the item or passage.
